

## MCACHE Community Engagement Habitat for Humanity

Please join us as we look to assemble a team to make a difference in the life of a family as they transition from substandard overcrowded and often times unsafe dwellings into decent, affordable and safe homes.

Here's an idea of how the worksite projects are conducted. There will be a house leader who will guide the volunteers on the projected work to be done and provide the safety talk. There will also have a site host to welcome the group and give some information about the family who we are assisting. It is suggested that volunteers wear work clothes that they don't mind getting dirty and closed toe sturdy shoes. There will be cold bottled water onsite and pizza will be served for lunch.
